

# PERRY LUXE

## FURNITURE

PERRY Luxe furniture products are under warranty against manufacturing defects for one year following the original invoice date. We do not warrant against normal scratches from everyday wear. When treated with care, PERRY Luxe furniture will last a lifetime.

## FINISHES

PERRY Luxe finishes are very durable and will last indefinitely when treated with the same respect and care as marble or wood.

**Care:** For regular maintenance, use furniture spray wax applied with a soft cloth. Automotive spray waxes (such as Meguiars®) can also be used as they do not leave an oily residue.

**Cleaning:** Avoid using harsh or abrasive detergents that could scratch the surface. When possible, wipe up spills before they dry as this will make clean-up easier. For dried spills, place damp cloth over the dried spill and let it soften. Then, gently wipe with a clean, soft cloth. When cleaning, use a multipurpose spray cleaner (such as Mrs. Meyers® or Method®) and wipe off any residue with a clean cloth. Gentle pressure is critical to avoid scratching the finish.

**Cautions:** Precautions should be made to protect the surface from any direct contact with rough, sharp or damp objects. Coasters, felt discs or saucers are highly recommended.

**Concrete:** For care of concrete surfaces, avoid allowing water to dry directly on the concrete surface. Prolonged exposure may result in water staining.

## NOTE:

Due to the variations of PERRY Luxe handmade finishes, exact duplication is NOT possible.
